

## **USER Information**

### **User Registration**

1. To become a registered user of the NIFTI, you must be trained and signed off to use each particular instrument or ancillary piece of equipment or individual facility. Training is set up by appointment with the relevant staff member. The length of training will vary according to the complexity of the technique and the experience of the user. Before beginning training, a user must fill in a registration form that supplies contact and billing information. The registration form is with Gajendra Shekhawat (Rm 1161) and is also available at our web site.
2. Once registered and trained with the NIFTI user facilities, a user has access to the facilities 24 hours a day, 7 days per week. Staff is available for consultation and assistance.
3. Although the NIFTI is a facility in which work is conducted by students and researchers who have been trained by the microscopy suite staff, special services are offered in unusual circumstances. Please contact the NIFTI manager for details.
4. For any queries or problems regarding the NIFTI facilities equipment, computers or software please contact [G.S.Shekhawat \(g-shekhawat@northwestern.edu\)](mailto:g-shekhawat@northwestern.edu) or [Prof. Vinayak Dravid \(v-dravid@northwestern.edu\)](mailto:v-dravid@northwestern.edu).
